SUMMARY

Independent software developer and freelancer with an MCA (2026, CGPA 8.68/10), skilled in Python, SQL, PostgreSQL and REST API development. Independently built KnowledgeOS and PRICI WEB from database design to deployment, and currently freelance as a landing page developer and video editor. Strong foundation in OOP, data structures and DBMS.

EXPERIENCE

Freelance Web Developer & Video Editor
Self-employed | Live client project

- Developing a landing page for Keerthana Associates as a live client project. Prototype: harish-antony.github.io/keerthana-associates
- Editing videos for clients as a freelance video editor.

KnowledgeOS – AI Knowledge Management Platform
Independent Project | Python, FastAPI, PostgreSQL, SQLAlchemy, OpenAI API

- Designed and built the complete backend independently: database schema, REST APIs and user authentication.
- Implemented semantic search using OpenAI vector embeddings.

PRICI WEB – Chit Fund Management System
Independent Project | Flutter, Supabase (PostgreSQL), Firebase Auth

- MCA final-year project, built and deployed solo in a 2-day sprint.
- Role-based access (Admin and Member), login via Google, email and OTP, and CSV reporting.

Stock Market and Employee Data Analysis
Python, Pandas, NumPy, PostgreSQL, Tableau, Streamlit

- Cleaned historical stock price data and visualised trends in a Streamlit app.
- Built Tableau dashboards on employee attendance and productivity.

EDUCATION

Master of Computer Applications (MCA) – 2026
Pope John Paul II College of Education, Puducherry
CGPA: 8.68/10

B.Sc. Computer Science – 2023
PRIST University, Pondicherry Campus
CGPA: 8.46/10

TECHNICAL SKILLS

Core Subjects
OOP, Data Structures, DBMS, SDLC

Languages
Python, SQL, Dart, JavaScript

Databases
PostgreSQL, MySQL, Supabase

Frameworks and APIs
FastAPI, REST APIs, SQLAlchemy ORM, Flask and Django (basics), Flutter, Firebase Authentication, OpenAI API

Tools
Git, GitHub, VS Code, Pandas, NumPy, Matplotlib, Streamlit, Tableau, Power BI, Excel

CERTIFICATIONS

- SQL for Beginners – Udemy
- Python for Data Analysis – Udemy
- Flutter Development – Workshop

ACHIEVEMENTS

- Represented the department in inter-college technical competitions and won most of the events entered.
